

AIT PLATOON SERGEANT CANDIDATE OPTIONAL EQUIPMENT LIST

NOTE: AIT Platoon Sergeant Candidates (PSGCs) are strongly encouraged to bring the following TA-50 / equipment items with them to the AITPSG Course (AITPSGC). PSGCs that possess these items will not be required to draw or maintain AITPSGC TA-50.

CAVEAT: Equipment brought from home units must conform to established Army standards and guidelines. AITPSGC Cadre will make the final determination on whether or not an item of equipment is suitable for training. Universal Camo Pattern is the only authorized pattern (Multi-Cam is not authorized for use at AITPSGC).

End of Course Critiques indicate that PSGCs with their own equipment felt “more comfortable” and “better prepared” than those that drew equipment from the schoolhouse.
