

# 2015 Victory Block Leave Programmed Electrical Power Outage

**Affected Areas:** The following areas, buildings or facilities will not have electricity and will not have heat during the outage:

- MACH hospital
- Main PX
- All gas stations
- All buildings south of Strom Thurmond BLVD, east of Jackson BLVD, south of Kemper ST, south of BLDGs 10,000 and 10,300 (those 2 buildings are out of the affected area)
- Along both sides of Lee RD
- All housing areas (Hilton Field is out of the affected areas)
- Mini PX and Commissary
- South of Semmes RD
- Along both sides of Ivy RD
- All recreational areas, except Weston Lake
- The affected areas also include all CEPs, all pump stations, all relocatables used by BCT battalions and BCT-1.

## Schedule (Monday, 21 DEC):

<b>TIME</b>	<b>ACTIONS</b>
0800 – 0835	DPW personnel proceed with a controlled shutdown of all CEPs and pump stations.
0830 – 0835	DPW personnel and contractor arrive to substation.
0835 – 0855	Contractor prepares Hill Street Substation for power outage.
0850 – 0855	DPW and contractor’ supervisors verify everything is ready for outage.
0855 – 0900	Contractor call SCE&G to proceed with outage.
Around 0900	Hill Street Substation is disconnected by SCE&G. Power outage starts.
NLT 5 minutes after	Works at substation start. At least 2 crews, one for the voltage regulator and at least one for “hot spots”.
NLT 1255	Works have concluded. Contractor notifies SCE&G and ask to restore power.
NLT 1300	SCE&G reconnect Hill Street Substation. Power outage ends.
NLT 1330	All operations are back to normal. Contractor leave the premises.

**Contingencies:** The facilities and buildings listed below shall operate using emergency backup power generators. Their fuel tanks shall be full prior this event.

- All NEC buildings and facilities
- MACH Hospital
- DES
- EOC
- New Post HQ (BLDG 2400)
